

PolyU Seminar on Departmental Scheme-based Admission Programmes

About the Seminar

Starting from the 2022/23 academic year, The Hong Kong Polytechnic University (PolyU) will adopt Departmental Scheme-based Admissions to provide a more flexible progression pathway for students in order to meet changing societal needs. Furthermore, two new elements, namely "Artificial Intelligence and Data Analytics" (AIDA) and "Innovation and Entrepreneurship" (IE), will be incorporated into the undergraduate programme curriculum as their secondary majors.

The following schemes/ programme will be introduced by professors from relevant departments during the seminar:

Faculty of Science

- 💡 BSc (Hons) Scheme in Biotechnology, Food Safety and Chemical Technology (JS3010)
- 💡 BSc (Hons) Scheme in Data Science (JS3020)
- 💡 BSc (Hons) in Physics with a Secondary Major in Artificial Intelligence and Data Analytics (AIDA)/ Innovation and Entrepreneurship (IE) (JS3030)

School of Fashion and Textiles

- 💡 BA (Hons) Scheme in Fashion & Textiles (JS3492)

📅 7 July 2022 (Thu)

🕒 4:30pm-5:30pm

📍 Online via Zoom
